Bear Paw Outfitters is family-operated by Tim and Cindy Bowers and their children, fourth-generation Montanans and lifelong residents of the Paradise Valley. From their ranch in Deep Creek they offer horseback rides into the

Absaroka-Beartooth Wilderness, trips which depart right from the ranch. They also offer trips into the backcountry of Yellowstone National Park. Trips are anywhere from one hour to full day or multi-day in length, and you might ride along a creek or head to a mountain top, mountain lake, or fishing destination. You will be matched to one of their tried and true horses, and will be accompanied by a knowledgeable, experienced, informative, wrangler.
